3-19 Johansson Road Wingfield SA 5013

Fred Hull  
Aerospace and Defence Manager  
Tel: +61 8 8349 9000  
M: +61 413 537 224  
E: fredh@axiompmp.com.au

## ▶ CAPABILITIES

- Precision CNC machining
- Co-ordinate Measuring and Reporting up to 3 meters
- Fabrication and Assembly of complex components, assemblies and sub-assemblies.
- Manufacture of Aerospace & Defence Electronic Hardware including Enclosures, Panels & Heatsinks
- Tooling and Injection Moulding of polymer composites

Axiom Precision Manufacturing is a family owned 39 year old Australian company that specializes in the manufacture of components for Aerospace, Space, Defence, Electronic Hardware and the Medical Device Industries.

## ▶ DISCRIMINATORS

- 30 High precision CNC machines including hard metal machining capability {Titanium etc.}
- Environmentally Controlled Room{ECR} for Electronic & Precision Mechanical Assembly
- In-House Design of both Electronic Hardware and Mechanical Assemblies
- Manufacture & Integration of both Electronic & Mechanical Assemblies & Sub-Assemblies
- Tier 1 supplier to DoD & many Australian & International Aerospace, Space & Defence Primes
- Strong investment in Research and Development
- Highly trained and dedicated workforce

## ▶ KEY CUSTOMERS

- BAE
- Raytheon
- DST Group
- ATK Space

## ▶ KEY MARKETS {Local / International}

- Aerospace \* Space
- Defence \* Electronic Hardware Integration
- Medical Devices \* Renewable Energy

## ▶ QUALITY APPROVALS & AWARDS

- Winner of the DTC Outstanding SME Award 2016
- AS 9100 / ISO 9001 Aerospace / Quality
- ISO 13485 Medical Defence
- ISO 14001 Environmental
